Dear Gara,

Intentional redacted as it contains
personal information of my brother
unrelated to this complaint

I of course can not respond to any of these
false allegations made against me and you have
not included any facts to allow presentation of
the actual truth regarding any of them. Highlighting
sentences on an HCOPL hardly suffices.

yet nevertheless I Refuse 100% your
order (of which you did not send me) and please know
I am not nor have been a Scientologist for 35 years.
yet should you send me the accusations and date
evidenced against me I would be happy to respond so
perhaps you can then use this to help my brother
