Dear Cara,

It has been over 2 weeks and I have not received one piece of information about any of the alleged charges made against me. I have not seen the declare order, any knowledge reports or specifics of any charge - How can I be found guilty of anything until I am presented with the substance of the charges?

So once again I declare I am not a suppressive person nor committed any crimes against Scientology or ~~Brian~~ Scientologists in good standing - All data you may have received is third party, out of context or being used for someones hidden agenda - Please call me at 561-212-7029 to discuss & please send me data so I can not be the victim of a kangaroo court.
