

Dear Flag Justice Chief. Cara Golashesky,

31 May 2015

It is nearly two months now and you still have not provided me with any of the facts I have requested to understand and address the false accusations against me which resulted in your Suppressive Declare Order ”

Since you have been unwilling to share any information with me ,it seems my only chance to get this corrected is to ask you to convene a Comm Ev.

Would you be so kind to tell me how I go about this and send me whatever HCO PL's describe exactly what this process is and how I can present my case to get this corrected? And how quickly could it be convened, I haven't seen or spoken to my daughter in months and it is breaking my heart to be out of comm with her.

Also I am a bit confused as it was my understanding when I accepted an Amnesty about 35 years ago at ASHO LA this had wiped clean my slate and allowed me to start fresh. I seem to recall my daughter Spring Austin actually dug this up years later as my status was questioned and this all got sorted out and everything was fine. Do you have that information?

Thanks,
